

Lindemann Limetree Phono

OFFERING SEPARATE INPUT stages for both moving-magnet and moving-coil cartridge options, with variable impedance inputs (from 100-800ohm on MC), this is an impressively flexible yet compact phono stage at a bargain price. Performance with the MC input displays a balanced sense of energy, space and musical refinement, with high frequencies in particular demonstrating a little sweetness to skilfully

convey the natural warmth of vocals and bring them to life. But it's the MM input that is the star turn of the Lindemann Limetree Phono, delivering a wonderful tonal richness, underpinned by a propulsive energy and a sense of urgency with upbeat grooves that makes it a vital addition to any vinyl setup.
